## ***Montanans Plan Rally in Helena "For the Love of Montana"***

February 11, 2011

Dear [member\_name\_first]:

Every once and a while there comes a time when the stars definitely do not align for Montana's fabled water, wildlife and outdoor heritage. The 2011 Montana legislative session is such time.

Montana's citizens and environment are under attack like never before from over-zealous legislators. These folks want to reduce your rights as a citizen of Montana to participate in major state decisions that affect our common environment, your access to rivers, your constitutional right to a "clean and healthful environment", among other attacks.

You can do something about this and *have a good time doing so*.

Will you joins us on the North Lawn of the state Capitol for the "For the Love of Montana" rally this President's Day, Monday, February 21 at 11:00 a.m?

Hosted by a coalition of conservation organizations from across Montana the rally will support the stalwart legislators working round the clock to defend your rights and Montana's environment. It will also give courage to Governor Schweitzer to use all the ink necessary to veto legislation that cuts at the very fabric of Montana's grandeur.

We have helped arrange for a charter bus leaving from the Flathead Valley. Here's the schedule:
